Fundamental Baptist Missions International

A Ministry of First Baptist Church of Hammond, Indiana

January 25, 2011

Dear Pastor:

I am often asked to write letters of recommendation for missionaries who are seeking the support of pastors and churches so they can get to and stay on the mission field. In this day it seems that it is more difficult to find those churches who want to support soul winning, separated, independent Baptist missionaries. Ii appears that we want to marginalize missionaries based upon what "camp" they are in. I believe that is exactly what Satan wants us to do in order to prevent the Gospel from going forth as commanded by the Saviour.

Obviously, we are in trying days financially. Yet, God never asked us to finance the Great Commission – but to obey it. He has the money to pay for the obedience of the local church. He is just asking and seeking for Churches that will be the vessels for His resources.

Having said all of the above, I want to recommend to you some of the finest people I know: The Zachary Foust family. These are servants of the Lord. I have known the Fousts for at least 20 years. I knew them before they were "The Fousts". I have worked with them. I have "led" them in ministry. I have counseled them, taught them, and preached to them. I have studied them. I am not just recommending to you a name I know. I am recommending to you a family I know.

The Fousts will be going to Lima, Peru to assist in our great church planting effort. They will be serving with the Peru Team which will plant an initial church and training facility in order to reach Peru first, and then much of South Americas. The Fousts are now and will be for a long time, very valuable members of this team.

Please consider having the Fousts to present their work. If God leads, I hope you and your church will take them on for support. We need to get this family to the field. The Fousts are not "political". They are soul winners and disciplers of converts. I hope you will invest in their ministry.

His for the world's souls,

Darrell Moore
