Dear Praying Churches and Friends,

God's work always seems like an adventure, and one truly never knows what will happen next. These last couple of months have proven that to be true, and we are excited about the work God is doing in the lives of our church families. God has blessed us with a couple of new families joining our church that have excited and willing spirits about this young ministry. I have been impressed with how these dear people are so excited to "jump in" to the work of the Lord with "both feet first." Thank God for bringing us the exact people we need to take this ministry to another level.

One of the new members is a man named Tony. Tony has been a huge blessing to us, and he has really gotten behind us in so many ways. Tony visited another church just after visiting ours. He walked into that church, talked with the pastor, listened to the message, and then went back home. The very next Sunday, he came back to our church and told me what he had done the previous Sunday. He told me that when he walked into that church and listened to the pastor preach, there was seemingly nothing behind that message. He then said, "But when I come here, I know I will hear from God, and I know that God is working here in this place!" Hallelujah! I have seen this man start to grow again in his walk with God, and I have been rejoicing at what God is doing in this man's heart and life.

Udaya is another new lady, and she is a wonderfully sweet Christian lady. She moved from India about four years ago and has been looking for a church. The Saturday I knocked on her door, she said she felt very impressed to pray that she would find a good church home. As she prayed I knocked on her door. The next day she came to church and was very impressed. She loved the service and even had my wife come over that week for a prayer meeting with her. She is ecstatic about the church and the future of the ministry. I have been amazed at how God has brought select people by our church and has given us the opportunity to meet out soul winning those who have been EXACTLY what we have needed. Thank God that we can trust Him, as He knows what is best! What a Friend we have in Jesus!

As I went soul winning recently, I came across a young man who was hurrying out the door to go to work. I talked with him briefly and tried to tell him about Christ, but he was in a hurry and just could not talk at the moment. He asked me to come back by a few days later, and I did. Honestly, I was expecting this to be a way to get rid of me, but he was at his home ready to hear the rest of the Good News. I spent about an hour with this young man and watched joyfully as he trusted Christ as his Saviour! He has an extremely teachable spirit about him, and I look forward to starting a personal discipleship program with him in the coming weeks.

Please pray about our visas. The tenor of time left on our passports has almost run out, necessitating our return to the US. We are trying to get the appropriate visa as quickly as possible so we may return to the UK. Pray God expedites this process and that our visas will be approved immediately. The UK government is really making the process harder, and we need your prayers. God has been working in amazing ways these past few months, and we need God to open the doors for our visa. Please bombard the Throne of Grace concerning this issue.

My family and I are so thrilled to be your ambassadors to England. Thank you for praying for us, giving so sacrificially, encouraging us, and helping in any way possible. We are honoured to be serving the King of kings with such choice servants of God. We pray for you and love you.

Yours for the souls of England,

Justin, Holly, David, and Jonathan Williams
