

THE ARTHUR FAMILY

Missionaries to Belize, Central America

January / February 2010

To My Co-Laborers in Christ,

The Arthur family would like to send you greetings from Belize, Central America. I want to thank each of you that has helped us to move to the country of Belize so that we can help the Belizean people. I would also like to thank those of you who gave us gifts during the Christmas season. At a time when we could not be with our family during the holidays, it meant so much to realize that you were thinking of us. Thank you for your thoughtfulness and sacrifice.

In my last letter, I asked you to pray for Nayo. He is the uncle of one of our ushers at the First Baptist Church in Hammond, Indiana. Nayo and his family live here in Belize. I am happy to report that Nayo, his wife, and his brother John and his wife and children all are faithfully attending our church. As far as I can tell, Nayo is not yet saved and still needs your prayers, but he is definitely expressing interest in knowing more about Christ. Thank you for praying.

As we go visiting and soul winning here in Belize, we are finding many people that have been saved but were left without being grounded in the Word of God. You would be so blessed to see how thankful these men are to learn the Bible. As they hear the truth and it resonates in their hearts, they pass the word along to their own family and friends. We have seen many visitors come as a result of these baby Christians "preaching" the truth to those with whom they live and work. It is so rewarding to see God's Word changing men's lives.

Please pray for us as we are building our first building on the new property. Please pray for:

1. Safety of the workers.
2. Supplies—cement, roof, sound, etc. in the new building.
3. Sufficient transportation—bus.

I honestly believe that we are moving according to God's timing, but the things that limit us are transportation and space. The building will take care of the space problem for now, but we are in desperate need of more transportation, as most people here use public buses during the week and do not have their own vehicles.

As always, thank you for your dedication to Christ and your prayers to the Father on our behalf. Your prayers and sacrifice make it possible for us to accomplish all that we do.

Kevin M. Arthur
