## OUR KIDS

My favorite thing about Thailand is the people I get to spend time with, namely my family! It is so awesome to be a husband to Kristi and a father to Khloe. We have so much fun serving God together in our new home, Thailand.

Khloe is the cutest kid in the world-of course this is my unbiased opinion! We just celebrated her 2nd birthday. She is growing up so fast! Her vocabulary is expanding, as is her mobility! She is potty-trained and sleeping in a toddler bed. Khloe is adored by everyone she meets, especially at our church.

Kelsey is kicking, nudging, and fighting to get out of mommy's tummy! Lord willing, we will have pictures of her by the next prayer letter. She is due on the 27<sup>th</sup> of this month. Kristi is in great health. Please pray that Kristi will be able to have a natural delivery!

Khloe's 2<sup>nd</sup> birthday

Preaching to our teens

Sharing the gospel with Game

Learning the sport of *takraw*

## OUR CONVERTS

This month was a special one in the ministry. Kristi and I had **24** people receive Christ as Saviour this month! We had some of the most amazing and unique soul-winning experiences.

Last Thursday while out soul winning, I saw a teenage boy who was sitting alone at a table. I sat down and shared the Gospel with him. His name was Game; he was probably the most receptive person I have witnessed to since coming to Thailand!

Later that evening I saw some Thai men playing *takraw*. It is a Thai sport, a mixture of soccer and volleyball. I asked them to teach me to play, and they eagerly agreed. After we played, I shared the Gospel with them, and each of them accepted Christ. They were so receptive.

Our July youth activity was the best yet! We took the teens to Cha Am about 30 minutes from our church and rode on banana boats. The kids absolutely loved it! Our teens are really building camaraderie amongst each other.

We love and miss each of you and thank God for you! We hope you are doing well. Until next time, God bless!
