Dear Praying Friends,

These last couple of months have been quite busy for us here at Landmark Baptist Church. God has been good to our family as well. I am thankful for those who prayed for me during my recent sickness. I was sick for about three weeks with an amoeba or parasite. It was a rough three weeks for me. I am thankful for my wife taking good care of me and for my staff member, Bro. John, filling the pulpit for me. On a good note, I lost 16 pounds during those three weeks. It was my version of a weight-loss program but probably not something you would want to try. The children are all doing well and are a blessing in the ministry. My older two are both learning instruments and have already played specials in church.

We recently celebrated our five-year anniversary at the church. We had no promotion; I just told our people to work and bring visitors. We did not break any records, but we had a great day, with several people saved and our people getting involved in bringing visitors. It is a blessing watching those you are ministering as they begin to minister to others.

One of our goals is to have a small orchestra someday. Recently we took a trip to another church for a music workshop and had eight people attend it. They learned for four days. Now they are continuing to practice; and, at the same time, they are teaching others who want to learn.

Please continue to pray as we disciple people. The wife of one of the couples we have been discipling has been coming to church now faithfully, along with her children. Her husband has come before, but we are praying that he will also become faithful. We are also working on training our teenagers to help around the church on Sunday afternoons. My wife prepares a meal for them and for our family. We eat together as one big family! Then they have little jobs around the church that they do, and they practice their instruments afterwards. It is a good time for my wife and me to get to know them and teach them. We have seen a great spirit in our youth group.

Thank you again for your prayers and support. We appreciate you all for partnering with us here in the Philippines. God bless you all.

His for souls,

Joshua, Sheryl, Rachel, Daniel, Amanda, and Megan Webb
