Dear Praying Friends,

This month's letter brings a little different approach to my report. A sweet lady in our church, and the wife of our lay-pastor in one of our churches, wrote a testimony of God's goodness and work in her life. She is just one of dozens who have similar but unique testimonies. I share Luis and Mayer's testimony to be a blessing and to bring encouragement in the dark times so many are facing, to send your way as Proverbs 25:25 reminds: *"As cold waters to a thirsty soul, so is good news from a far country."*

Some good news...

Let me share a little about my life. About two years ago, I was facing many difficulties in my marriage and in our finances. One Sunday about two years ago, I went to the school my daughter Camilla attends for a school event. When we arrived at the street, San Rodolfo, we saw on the corner a kind person standing outside the corner building passing out tracts. They greeted us, and we saw there were many people inside. I asked my husband if it was a church, and I wondered what religion they might be.

We went to the school event, but something inside of me said that I had to go back to that corner building. When we went back past, everything was closed. We arrived home, but I could not sleep that night. I was thinking about how I had been a Christian since I was a girl and how I wanted to find a place where I could get back to God and hear God's Word.

One day my husband and sons went to work, and I made the decision to take my daughter to this place where I felt I could find peace. I entered and found many kind people. That day I made one of the greatest decisions of my life when I reconciled with God. I began to go every week, and soon my daughter got baptized. I had invited my husband many times, but he told me he didn't want to go because he was afraid he would like it and would want to stay! The day Camilla got baptized, my husband had to work. But that morning the job was full, so he came to church with us. He was right. He made his decision to get saved! Now he has been baptized, and all my children have been baptized!

I prayed years and years for my husband to make the decision to accept Christ and serve the Lord with his life. It was worth it to get on my knees year after year and ask God to give my husband the desire to serve Him with his life. Now my children are serving God. My husband is serving God. Our lives are changed. We have the care of a church in San Genaro II.

Thank you, God, Pastor Daniel, and the team of IBI. Thank you for sending the American families to Peru to begin churches and do the work of God. We are blessed by each one of the families, and we have a great pastor, Pastor Daniel Hubbard, who leads the church IBI of Los Pinos, Chorrillos. Thank you, God, for the biggest miracle of my life when You died on the Cross and when You gave me a family that serves God together. I love you, God!

This family, along with others, just held their one-year anniversary service for their church at the top of a mountain. They had 160 in attendance that night, with many salvation decisions. This is all fruit to your account. Thank you for your faithful support in prayers and financial gifts. This country is a field white unto harvest. We will do our best to use your investment to bring more glory to our Saviour and reach many Peruvians with the truth of the Gospel.

For His glory,

Dan Hubbard
