

The Amorós Family

“Starting churches and training preachers in the Dominican Republic”

Romans 1:16, “For I am not ashamed of the gospel of Christ: for it is the power of God unto salvation to every one that believeth; to the Jew first, and also to the Greek.”

January-March 2015

Dear Beloved Brothers,

With great pleasure and spiritual joy, we communicate with you to inform you of the development of God's work in the Dominican Republic. You have been spiritual columns over the years for us, so we thank the Lord for it, while we pray that the God of all grace and love reward each one of you in a special way.

The first months of this year have passed without any change in the political development of the nation, but in the spiritual order, there is an unprecedented deterioration. Recently I've notice a large increase in the consumption of drugs and, sadly, an increase of the cult of voodoo (the religion from the neighboring country of Haiti) and a considerable growth of Muslims and Mormons. This fact has challenged us to be more aggressive in our soul-winning efforts. Currently I am teaching a soul-winning course to the whole church in our Sunday school.

In the area where the church meets, the Devil's opposition by people who do not want the church has grown considerably. We had to call 911 several times because some want to get drunk, get high, and listen music at high decibels next to our church building, preventing our meetings and invading our space and parking lot. Brothers, I understand that the Devil has declared war on us, so we're fighting more firmly. We are praying more, preaching more, winning more lost, growing more in the area of missions, training more workers, and willing to do more for God. Please pray specifically for this fierce opposition of evil.

I would like to take this opportunity to ask you to pray for several new believers whom we won for Christ in jail and are now released: Ruben, Sandy, and Juan. Ruben's wife has been attending church for almost two years; they have three beautiful children. Sandy is attending church also, but Juan has not visited us, even though we have giving him the pastoral care that he needs. Another fellow is Jorge, who was recently deported from the United States; his wife and three children have been attending our church for almost three years. As soon he came from the States, I personally led him to the Lord; now he is thinking about getting baptized. We are talking about 12 people whom the Lord graciously allowed us to lead to our precious Saviour, who now need to grow and flourish in the Gospel. Some of them have already been baptized. **We have reached 114 people with the Gospel during our soul-winning time during the last three months. Glory to God!**

In the family order, please pray for my father, who suffered a stroke. I had to rush him to the ER. Thanks be to God, he is feeling much better now! The last month I have had to live between my parents' house in San Pedro de Macoris and my home in Santo Domingo, helping him with his recovery, yet God is always good; He does not change. He has given me strength to be productive in His work and be a son who honors his parents. My father is nearly 80 years old.

Again, thank you from my heart for your commitment to the cause of our God; your financial support is an evidence of your love to our beloved Lord and Saviour Jesus Christ, Whom we honor forever.

Prayer Requests:

1. Please pray for the Spring Program throughout the month of April.
2. Pray for my parents' health: Hugo and Catalina Amorós.
3. Pray for new believers: Jose, Sandy, Jorge, and Ruben and their families.
4. Continue praying for another location for the church.

Because Jesus Christ lives,

Andres R. & Dora Amorós
