Tanzania and Peru

“... I was thirsty, and ye gave me drink”

(Matthew 25:35)

The Lord sent a team of 31 from Gospel Light House in Marion, Iowa, and Marion Avenue Baptist Church in Washington, Iowa. The following is a report:

“The Lord has allowed us to invest the “Klorgen 3000” units in Tanzania into the Lord's work. We have been privileged to send units to a Christian camp director, two public schools, and two hospitals. I love seeing the excitement in a person's eyes as he begins to understand the eternal value of helping others have clean water as they learn of the Living Water. Assistant Principal David heard of a way to help the sick children and prevent deaths in his school from bad water; he also heard of the Living Water. He accepted both!”

Peru Update: This church, True Light Bible Baptist Church in Saramurillo, Loreto, Peru, is pretty deep in the jungle. When I walked into the pastor's house for the first time, he recognized me because we had been able, through your generosity, to give him a water system. When I asked him how the system was working, he stated that the entire village was coming to church to get the treatment for their water, and two or three other villages around them were also starting to come to church for the water treatment.
