Dear Friends and Supporters,

This is just a short note to let you know the **battle to spread the Gospel across Kenya and fight false doctrine** continues in **East Africa**. We are **working to put a foundation in place** that will continue to **spread the Gospel and promote correct doctrine**, whether we are present or not.

We have recently returned from **traveling across Western Kenya** and running pastors' seminars in North Nyamira, Kisii, and Bungoma. We taught on "**How to Start a Bible Institute in Your Local Church**" and "**How to Successfully Fulfill the Great Commission.**" In the process of **teaching the national Kenyan pastors**, we ran **discipleship classes**, teaching **both the content and the methods that are used to run a successful class**. We delivered **discipleship-lesson materials** (*Foundations of My Faith*), *Answers books*, *Understanding books*, *Established in the Faith books*, *King James Bibles*, and *Gospel tracts* in English and Swahili.

We had **over 65 attend** our seminars. Each day we traveled from our local hotel for **an hour along dusty, rocky, and some of the roughest roads you can imagine**. We were blessed in one service, at a remote local church, to see over 20 saved. We are putting in place an **ongoing foundation for the future**. Every pastor has an impact on dozens of people. Many have had **very little training**, and we are looking to help these **understand and teach correct doctrine, how to lead others to Christ, how to disciple new Christians, and how to send out others to plant new churches**.

We thank you for your financial and ongoing prayer support.

Please pray for:

- Our growing team as they travel on deputation.
- Finances to assist our escalating printing and seminar costs.
- The need for a sturdy vehicle to handle the rough conditions.
- Our health, as most of our team members have had some health issues; however, currently we are all well.

Thank you for partnering with us as we take the **Gospel** and set up a **foundation for an ongoing work across East Africa**.

You may have seen that on **January 15, there was a terrorist attack here in Nairobi where 21 died**. This is the same complex where one of my doctors has his office located. I have now been in four places, three of which are here in Kenya, where there have been **terrorist attacks**; and now we have once again been notified by the U.S. Embassy that there is a "**credible threat.**" **Please pray for our safety.**

God bless you!

Your co-labourers in Christ,

Peter, Melody and Lindsay Morris
