Argentina Update: In May, Christ is sending Ben George and me to distribute 20 Hays Klor Gen Water Systems. We are excited to present the Gospel to these villages. We will work from Missionary Brian George’s church.

Peru Update: We had a very adventurous and extremely full schedule in the Amazon in March. What a blessing to spend time with truly dedicated servants of the Lord. We spent four days in six communities on the Amazon River and finished in Iquitos. Pastor Zach Foust taught on the importance of pure water and gave the water-purification systems to the village leaders. We also held church services. Please continue to pray for the next trip into Moyobomba, Peru, in April, where we will distribute another 100 systems. Pray that we would honor the Lord and be a help and blessing. God is good.

Laos Update: The Lord Jesus blessed us with presenting the Gospel to an entire village while treating their water. Since this eventful day, 50 more systems have been sent!
