

September 2021

God is working. We treat non-drinking water using an oxidant generator, which I developed and volunteers make in Iowa. We give the machine freely to those in need at a rate of 6 per day or 1,548 villages so far this year. I estimate 9,000 people have come to Jesus and up to 150 new churches have started. One system treats an entire village. Missionaries give the Gospel during the training. Results keep coming.

I went to Peru with Missionary Zach Foust and Team Peru. We went into the Amazon Jungle and saw many come to Christ. The governor of the jungle and other government officials saw how the Amazon water was treated, and then they heard the Gospel of Jesus Christ! The Amazon Jungle has 480 hospitals and 5,000 villages. Pray that God opens doors and shows us mercy to treat all of the villages, along with the hospitals. We desperately want to keep sharing the Gospel. Pray for funding to be released from Heaven.

Sadai Isaac, from the Republic of the Congo, shares his testimony. He treated water using our Pure Water System and gave the Gospel of our dear Lord Jesus in over 480 villages last year. The results from his efforts are 3,000 new believers and 52 church plants.

Testimonies from Liberia show more people have been reached for Christ. More than 120 souls have accepted Jesus Christ as Lord and Saviour in 35 different villages.

In each testimony, people are in much better health than before. They can go to school, and they can go to work again. Hospitals are emptied of patients with waterborne diseases.

Thank you for many generous donors and prayer warriors. Without your prayers and the power of God, my efforts are futile.

May Jesus be glorified!

His water boy,

John Hays  
Pure Water for All Foundation
