

FUNDAMENTAL BAPTIST MISSIONS INTERNATIONAL

May 2022

Dear Pastor and Supporting Churches,

Greetings to you all in His loving name. God has been so faithful and good to me and my family, as well as to all my coworkers and their families. My heart rejoices in seeing that the churches and their leaders are in good health.

As a result of your faithful support and prayers, the ministries are going well here in my church. Every week I baptize new converts, but some ethnic groups of Christians in provinces say a lot of strange things are going on. We need to be aware of several things, as we are His chosen servants to fulfill our aims. This means we also have to obey the evil governments sometimes. Some of my preachers were calling me and complaining about their local governments. I told them just to keep praying for their government leaders and read more of the book of Daniel. Finally, God's program was well done for His own glory. I encouraged them, and I am praying for them.

Last weekend, the final vaccinations were given to all of the children and all of the staff members. I am glad and hope that the two children's homes and their workers will be healthier now. My wife and I are still in need of your prayers to recover fully. After getting the Omicron virus, I became weaker. I feel very tired, so please pray for me,

Three of my preachers and their families and some of their church members are escaping from the coups. They are temporarily on the border of India and Burma and the border of Thailand and Burma. They are in hard times, and they are in need of help. Pray that God's care and protections will be upon them. Amen.

#### **Prayer Requests:**

1. Pray for my wife and me to fully recover from the Omicron virus.
2. My son Thang is praying about attending Hyles-Anderson College in the fall.
3. The roof on the boys' dormitory at Faith Children's Home in Hmawbi needs to be replaced.
4. Pray for my 22 preacher boys and their families, their ministries, and their works.
5. Pray for my country's political situation to return to normal.

Thank you for your genuine love and your faithful support. May God bless you all richly.

Yours sincerely,

Paul Lung  
Missionary to Myanmar
