

August 2022

*“As cold waters to a thirsty soul, so is good news from a far country.”*  
Proverbs 25:25

Christ is bringing in His harvest. This testimony is updating what 300 new Hays Pure Water Systems are doing! Each one is capable of treating drinking water for up to 5,000 people for decades. The Gospel of Jesus Christ is freely given.

Two testimonies have come from Sierra Leone:

*A mother shared in a video that her daughter was healed of stomach problems, and she is recovering from typhoid. Now her whole family is coming to church!*

*Another testimony says, “This is the first missionary testimony. It is about a lady who was suffering from a severe dysentery for some days. He gave her the water in the morning, and in the evening of the same day, she ran back to him, happy and rejoicing because she was healed. She praised God and blessed the inventor of the machine.”*

Two testimonies are from Liberia:

*“Workers of the National Port Authority of Liberia, Freeport of Monrovia, were gathering three weeks ago for this purified and medicated water. Most of them came with different health problems, and by the grace of God, they are all responding to treatment.”*

*Pastor George Menyon called to say that many Liberian soldiers are getting both waters! The Liberian president is calling Pastor Menyon. He is requesting more systems.*

Close to 500 water-treatment systems have been sent around the world in July 2022. Every day, 10 villages or 1,000 people hear the Gospel and get pure drinking water for life! I used to support another water organization that helped purify drinking water. They reached 10 villages a year with a budget of \$10,000,000!

Thank you for your prayers and for giving. Hays Pure Water was \$20,000 short in July.

Kindly,

John Hays
